

The Minister's Advanced SRA Training Academy

The "Academy" as we call it for short, is a two-year training and mentoring program broken into 15 modules, plus a practicum. Each module is divided into 5-week segments or more.

Kay Tolman will be your instructor and ministry mentor. Additional instructors may also assist with training and homework review. Kay has a master's degree in Christian Counseling and eighteen years of SRA ministry experience. Kay has walked through more than thirty years of her own recovery from satanic ritual abuse and shares a wealth of experience with each student.

This is master's level college material and will require ten or more hours per week for homework. All students are required to type their papers in English and have basic capability with computers and internet technology.

Due to the intensity of the material presented, a week-long break is provided at the conclusion of each module. This is a great time to spend with the Lord Jesus Christ and with your family or friends, to maintain balance and a healthy perspective while you are learning.

Application Screening Process

The Academy is a unique learning experience. Unlike most educational environments, this one is very spiritual and emotional, often triggering unhealed areas in those participating. As such, we have found that proper screening upfront is critical to the success of our students as well as the team. We must ensure each student is in a healthy place to embark on this journey and their belief systems and world view are compatible with the other students.

The screening process begins with an application. After careful review of your application, you will be notified if you are eligible for an interview. There is a \$50 application fee to conduct the interview.

Three references are required prior to the team interview. Interviews are performed over Zoom Meeting with a panel of two or three instructors. This is an opportunity to ask questions and get to know us too!

A formal letter will be sent with the determination of your application status at the completion of the process.

Financial Investment

- \$50 application fee if approved for a video interview.

- Tuition is \$480 per module, plus the cost of books and resources. Books and resources should be budgeted at least \$80 or more per module (this varies). These materials will become part of the minister's own resource library.
- Tuition may be paid as you go, from module to module. Since each module is five weeks, followed by a break, you can budget your tuition payment every six weeks. Tuition is due prior to the first Learning Team Meeting for each module. Invoices will be sent after the last Learning Team Meeting for each module. Tuition is non-refundable.
- Full program tuition may be paid in advance for a 10% discount, if paid by check or EFT.
- A \$480 non-refundable deposit is required to begin the curriculum. This deposit will be applied to the Practicum Module at the completion of the program, assuming a student has paid tuition for all prior modules.
- After the completion of the 15th module, students will be required to attend a five-day, in-person, Practicum Module. This is a valuable hands-on training experience with the learning team. Practicum costs will involve travel, lodging, food, and transportation, plus the module tuition fee. There will also be a small cost for graduation activities.

Curriculum

Module 1 – SRA Recovery & the Ministry Calling

Modules 2 thru 4 – DID and Inner Healing Modules (3)

Modules 5 thru 7 (Plus 5 additional weeks) – Deliverance Modules (4)

Modules 8 thru 13 – Deprogramming Modules (6)

Module 14 – Capstone Course

Module 15 – Practicum

Learning Teams

The Academy includes participation on a virtual learning team. This is a group of ministers from all over the world that can become ministry partners and friends. All participants on the team must agree to adhere to Learning Team Guidelines to maintain an emotionally safe environment so we can all learn and grow by trusting each other.

Learning Team Meetings

Each week there will be a Learning Team Meeting via Zoom Meeting. This is recorded for review. Students are expected to have completed their homework for the week, prior to the meeting, so we can engage in lively and informed discussion on the curriculum. Discussion questions are prepared in advance.

A portion of each student's grade is based upon attendance and participation in the weekly meetings. Each meeting is approximately 90 minutes long.

Homework

A module syllabus will be provided for each student. The syllabus outlines the objectives of the module, resources required, and defines the weekly homework and due dates.

Each week students have a video to watch, PowerPoint slides to print and required reading. Some modules require a book per week, as well as writing assignments.

Many Academy alumni state that they use the weekly homework as reference material. It is suggested that each student organize their homework in such a way that it can be used repeatedly for years to come. Many have a binder for each module, with tabs for each week. Most students print the PowerPoint slides and take notes from the videos.

Before the completion of each module, a final paper is due. These papers are called Implementation Papers because they are to be focused on the implementation of all that a student learns in the module. Implementation papers are submitted to one or more students for peer review and feedback before submittal to the instructor for grading.

Grades are determined by earning points. Point calculations and requirements are provided in the syllabus for each module.

International Students

Revelation Gateway Ministries welcomes international students into the Academy. Please be aware some special challenges may be inherent for these students. Books should be purchased many weeks in advance to ensure delivery. Sometimes this is particularly challenging. Banking arrangements and currency conversation rates can also be challenging. Yet if you are willing to proceed, we will work with you to make this a valuable and enjoyable learning experience.

Website & Libraries

Students will obtain access to a Student Page on the rgmconnect.com website. This page will be updated with homework and instructions each week.

As students start each module, access to the corresponding library for each module will be provided. This information library will be available to students even after they complete the full program.

Monthly Connection Meeting

Students from Learning Team 5 will be invited to join other students and alumni for a Monthly

Connection Meeting via video conference. Participation is entirely voluntary.

These meetings are intended to provide a sense of community by providing a forum where ministers can stay connected and participate in open forum discussions and discovery for this ever-changing field.

It is the vision of Revelation Gateway Ministries to foster long-term relationships and develop experts in a field that is constantly changing and growing. By cross pollination, we hope to continue bringing fresh insight and tools to each other as well as the Christian DID community and SRA survivors globally.

Future Vision

It is my hope that Revelation Gateway Ministries will become a place where experts around the world can work together to bring healing, tools, and resources to the broken hearted. The vision ahead includes the development of a Christian DID consortium and resource centers for recovery. Alumni will be invited to participate and contribute to cutting-edge information systems, providing training and tools for global impact.
